

Richard Hoffmann – Not The Blue Pill (.tv) – Show Purpose and Biography

BIO:

Mr. Hoffmann is a medically retired Correctional Fire Captain, twice patented inventor, author, non-profit Founder [<https://EveryoneGetsHome.org>], and public speaker scheduled at **The Heat and Fire Expo** in Miami Beach, FL, next February 2022 upon his nomination of their **"Innovation Award."** Additionally, he has been entered five (5) times into the **Who's Who in America** registry as a small business owner and instructs Fire Command, Fire Investigation, Fire Prevention, and Hazardous Materials Specialist and Waste Operations. He now host's his TV show **'Not The Blue Pill'** (.tv) broadcast on **The Bold Brave TV Network**.

In 2006, Texas A & M University requested his copyright release to instruct his hose deployment method to all (international) students. His [<http://HoseRoller.net>] is the world's first to both handroll 100 ft lengths up to 5" LDH and prepare any length for immediate deployment [including the world's first functional <http://HoseCabinet.com>]. A device that also transitions into an 8:1 Mechanical Advantage <http://RescueWinch.com> that quickly attaches to any vehicle 2" Slide-Receiver to send up to four (4) rescuers hundreds of feet down a ravine or off a cliff in mere minutes and not hours to increase victim survival.

In 2008, he perfected his <http://ExteriorFireSprinklerSystem.com> to reduce property loss and help <http://OutThinkWildfire.org>. He's also a private sector first to copyright **Wildland Fire Hydraulics** and directs the creation of <https://HydraulicsApp.com> and the world's only mechanical calculator in the 21st Century: <http://HydraulicsSlideRule.com>. Both of which accurately estimate TOTAL Engine Pressure in mere seconds in the field where it counts.

His research inspired <http://HENway.org>. A progressive hoselay methodology that allows nozzle flow to be increased 25% (56% more "Knock-Down" at 75 GPM) and extend 500'/83% farther and pump water 639' higher than the accepted 'Standard' methodology at 1,100' on a 32% grade to exponentially increase firefighter SAFETY!

Most recently, he completed the development of the world's first MULTIPLE Water Tender <http://ShuttleCalculator.com> that accurately estimates the actual Gallons Per Minute (and Liters Per Minute) that any water tender can deliver to a fire incident for additional personnel safety.

He has dedicated his life to firefighter safety, fire victim/burn survivor safety, and every family member's safety, including our furry friends at: <https://LostPaws.info>.

Please support his non-profit: <https://EveryoneGetsHome.org>

...upon every effort: <http://ToMakeADifferenceForOthers.org>.

Richard Hoffmann – Not The Blue Pill (.tv) – Show Purpose and Biography

PURPOSE:

'Not The Blue Pill' (.tv) has nothing to do with any pharmaceutical blue pill. Instead, it is an indirect reference to the red pill in the movie **'The Matrix'** and refers to the willingness to learn a potentially unsettling or life-changing truth. My goal is to expose evidenced truths, of which many facts are purposely hidden from the masses; however, once exposed and transitioned to understood, the goal is to lead to a safer, healthier, and more fulfilling life:

<http://ToMakeADifferenceForOthers.org>

The foundation of my non-profit foundation to ensure: <https://EveryoneGetsHome.org>

Please don't hesitate to donate today to these [seven \(7\) worthy non-profit organizations](#):

1. [National Fallen Firefighter Foundation](#) Supports survivors of our finest.
2. [Wildland \(Fallen\) Firefighter Foundation](#) to support Wildland Firefighter.
3. <https://PatriotPaws.org> Incarcerated women serving life sentences extend their inherent love to train puppies to be companion pets for our surviving veterans.
4. <https://LostPaws.info> - My website for any pet owner to publish and reconnect with any lost and found family member literally 24/7/365! Registered by every international Zip Code, parties can connect within hours, and not in days after distributing hundreds of flyers and an excruciating wait for a party to schedule a veterinarian appointment to scan for a chip. So let's all help end the suffering!
5. [Benevolent Protective Order of Elks](#) – An organization that assists our veterans, blind, and the impoverished upon a reputation of integrity and respect for others.
6. [Sivad Johnson, Sgt., Detroit Fire Department](#) – A firefighter who lost his life while saving three (3) drowning victims, yet was tragically swept away in the same river. Even worse, his 10-year old daughter was the first to call 911. A true example of how firefighters are NEVER off-duty yet always risk the ultimate sacrifice for others.
7. Next, I request all to support Paul Samakow, Esq., as Founder of <https://NationalBurnPreventionDay.org> every year on May 19th. A nationally recognized TOP personal injury attorney and five-time author who represents 'Burn Survivors' to help eliminate the risk of being <http://TwiceBurned.com>. His site is a catch-all for others to donate to non-profit programs that support firefighters and youth 'burn camp' programs to provide emotional support for countless children.
8. Lastly, and as a world's first, to support the fiance's of our fallen, my goal is to provide ALL benefits provided them had the weeks and months passed to secure a piece of paper that would have declared these victims of incredible loss eligible.

<http://PNWcprFirstAid.com> Mr. Hoffmann only requests a \$15.00 administrative fee to cover each student's certification cards/one-way valve mask/ and glove set. Mr. Hoffmann has personally certified over 150 students (class size up to 10) and promises to keep all fully engaged upon his many years of fire, medical, and law enforcement service. Any additional donations will be contributed to any single or evenly to all entities listed above.
